Greetings!

The 2017 season is officially in the books, and what a season it was! With a new owner, new management, and ongoing improvements to the facility for spectators in the stands, and racers in the pit area, it was a little like flying a plane while it is under construction. Contractors will continue to work on additional upgrades during the off season. Our goal is to make Birch Run Speedway & Event Center the premier outdoor entertainment venue for fans and racers alike.

## BREAKING NEWS!

### Season Opener - CRA/JEGS

In addition to facility upgrades, we have been working hard to put together a full and expanded schedule of races that will bring fans to the Birch Run Speedway every week beginning with the CRA/JEGS Season Opener the weekend of April 27-29.

### Masters of the Pro's 200

CRA/JEGS will return to Birch Run on Friday, June 8th, just before the Firekeepers 400 at Michigan International Speedway. The Masters of the Pro's 200 will be the longest race in CRA/JEGS All-Star Tour history. We hope to draw a few NASCAR drivers to our track that evening. Stay tuned for future announcements regarding this.

# Pro Lates, Modifieds, Pure Stocks

## House Divisions with Points

Birch Run Speedway & Event Center will run house divisions in 2018 for Pro Late Models, Modifieds, and Pure Stocks with ten races for each division and points. We hope to have the rules for each of these divisions published before the end of the year. We have been working with neighboring tracks to develop rules and specifications with 4 goals in mind: safety, affordability, standardization (level playing field for competitors), and inclusivity in an effort to create more opportunities for drivers and increased car counts for fans.

We are extremely excited about 2018 as we prepare to launch our first full year under new management, and celebrate the 70th anniversary of the track. Work continues behind the scenes in what we

have dubbed the War Room to make this the best year ever! We will keep you informed of plans and events as they are finalized via the website, [Facebook](#), and newsletters.

---

Thanks for your faithfulness and support during our inaugural season. Looking forward to a great future together.

Sincerely,

Family Fun Always!  
Mike Szukhent, General Manager
